Fresh graduates are urged to be their own boss or join entrepreneurship programmes. Deputy Youth and Sports Minister Datuk Liow Tiong Lai said they should be contented doing part-time jobs while waiting to join the government or private sector. This may explain why about 35% of local graduates are unemployed, he said. On the Malaysian Independent Business Ownership programme, Liow said it was to put youths on the path to entrepreneurship by giving them coaching and training in drawing up viable business plans and helping them to secure loans.
